Professional History

Mark has been actively involved in the forest industry for 24 years. He has been developing, implementing, and auditing forest safety programs for 18 years. His experience also includes: managing wildfire initial attack crews, operational forester for a large licensee, logging supervision, road construction, bridge installation and supervision, and current president of a SEBASE forest engineering firm located in Golden, BC. Mark also holds a woodlot licence in South Eastern BC and is competent at operating a variety of forestry equipment. His education includes a forest technician diploma as well as a Bachelor of Science in Forestry. Mark has been a Registered Professional Forester (RPF) in BC for 16 years.

Qualified to Audit the Following Forestry Sectors

- | | | |
|---|--|---|
| <input checked="" type="checkbox"/> Mechanical Harvesting | <input checked="" type="checkbox"/> Log Hauling/Trucking | <input checked="" type="checkbox"/> Silviculture Operations |
| <input checked="" type="checkbox"/> Hand Falling/Bucking | <input checked="" type="checkbox"/> Road Building/Deactivation | <input checked="" type="checkbox"/> Lumber Manufacturing |
| <input checked="" type="checkbox"/> Cable Yarding/Loading | <input checked="" type="checkbox"/> Forest Fire Fighting | <input checked="" type="checkbox"/> Forest Management |
| <input checked="" type="checkbox"/> Scaling/Sorting | <input checked="" type="checkbox"/> Forest/Road Engineering | <input checked="" type="checkbox"/> Conventional Harvesting |

A detailed proposal will be provided for all audits with a fixed rate of anticipated costs. My goal is to carry out your audit as efficiently as possible so that your costs are reduced and your crew's disruption is minimized. I am very flexible with the process and try to carry out interviews in the field or before and after work hours depending on the needs of the company.
